Hello,
I'm Albert, IT coordinator of Grevol School in Barcelona (Spain).
Yesterday, I went to a conference and they said me that we can use google APPS for schools. I don't know if this services is opened to any school of the world, but I'm trying because I think that it's a fabulous service. I use google counts in my IT classes with my pupils because I think that they allows a collaborative work. They're minor of age, so I've to meet with all parents because, as a teacher, I can't open a google count. So, I think that APPS is a good solution.
Well, I hope that this service can be used by all the schools.
> - Name of your school: Escola Grèvol (Grevol School)
> - Mailing address (grevol.escola@gmail.com)

> - Phone number (0034933031103)
> - Domain administrator's name (Arsys)
> - School Homepage (www.escolgrevol.org and www.escolagrevol.com)
> - List accreditation body or name of government ministry (Catalonia Generalitat - Science and Education Ministry - Spain Government). Our number that identify our school in Catalonia (Province of Spain) is 08009247. And our official mail of the Catalonia Government is a8009247@xtec.cat .
I hope I can use this APPS for schools.
Thanks,
Albert Barnils Castany

Hello Albert,

Thanks for your message.
Welcome to Google Apps Education Edition! We have reviewed your application and are excited to upgrade your Google Apps account. To view these changes, log in to your control panel at <https://www.google.com/a/escolagrevol.com> .
Within the control panel, you can enable advanced features, such as mail migration, calendar resource creation, and Google Apps APIs for single-sign on or integration with existing user directories.
If you're not sure where to start, we've prepared some material to help you manage a successful deployment. For more information, check out <https://www.google.com/support/hosted/bin/answer.py?answer=67774> .
You can contact our support team via email through the Google Apps Help Center at www.google.com/support/a, or get in touch by phone for critical issues. When contacting us, please provide your Support PIN, domain name, and Customer PIN. For security purposes your Support PIN and Customer PIN will be updated periodically, and both can be found in the control panel under the 'Account information' tab.
We also offer a range of security and compliance services available at a discount for qualified organizations. These services can be used to apply customizable content-based rules for email messages or to create a closed email domain for a specific set of users. For more information see: <http://www.google.com/a/help/intl/en/security/education.html> .
Please do not reply directly to this approval message - we won't be able to see your response, and we want to make sure we hear from you.
Sincerely,
Andrew
The Google Apps Team
