

#### **0439. Development of a Concept of Operations.**

Based on the commander's guidance, the staffs develop the selected COA into a CONOPS. The CONOPS provides a clear and concise statement of how the commander intends to accomplish his mission, including the desired military end-state. Should the nature of the actual or developing crisis indicate a likely requirement for a time-critical DJTF or CJTF HQ and force deployment, this should be included in SACEUR's CONOPS.
