Tools of Engagement for Face-to-Face, Blended and Online Teaching

## Teaching with Technology: Tools and Strategies to Improve Student Learning

**If you're interested in using technology tools to enhance your teaching, it's easy to get overwhelmed by the mountain of information out there. To make matters worse, much of what you find is either highly technical or simply not very practical for the college classroom.**

That's why we created this special report. **Teaching with Technology: Tools and Strategies to Improve Student Learning** approaches teaching technologies from *your* perspective — discussing what works, what doesn't, and how to implement the best ideas in the best ways.
