

Recitation Query Rubric	
Points	Description
5	Must have correct answer. Full and complete understanding with all necessary details.
4	Must have correct answer. Clear understanding of background information and logical explanation. Lacking important supplemental details that indicate a full and complete understanding.
3	Correct logic with backing information. Clear beginnings of an explanation. Lacking significant details to show full knowledge of material. Maximum score for an incorrect answer with clear logic, but misunderstanding or a single incorrect step.
2	Minimum grade with a correct answer. Clear attempt was made to solve the problem with some correct information and background or incorrect logic.
1	Answer was incorrect or clearly a guess. The problem was attempted but without an understanding of the underlying concepts.
0	No attempt was made or a guess was made with no attempt at a logical explanation.
